# CASH MOB

We at the St. Bernard Chamber are very excited to announce The Pulse of the Parish, a podcast series that meets the serendipitous world of business in the St. Bernard and Greater New Orleans area through local business professionals and experts who have been an integral part of growing the area to what it is today. In listening to their stories, we can better understand what it takes to run a world-class business...and to enjoy ourselves in the process.

Episodes are available on Spotify, Apple Podcast, Stitcher, Deezer, TuneIn, Google Podcasts, or YouTube. Feel free to subscribe and get notified about new episodes too!
